

The most comprehensive natural medicines and supplements database available.

NaturalMedicines.com is your go-to resource for natural medicines, including:

Databases

- 1,400+ monographs organized in comprehensive databases:
- Food, Herbs & Supplements
 - Health & Wellness
 - Sports Medicine
 - Comparative Effectiveness
 - Manufacturers
 - Commercial Products

Tools & More

- Additional resources to get you the info you need:
- Interaction Checker
 - Effectiveness Checker
 - Nutrient Depletion
 - Adverse Effects Checker
 - Pregnancy & Lactation Checker
 - Charts
 - Natural MedWatch

Continuing Education

Courses focused on traditional and alternative methods for prevention and treatment of disease states and medical conditions

Additional Tools Included:

Comparative Effectiveness

Select from a browsable list of diseases and conditions for a chart of the natural medicines used for that disease/condition, ranked from most to least effective.

Adverse Effects Checker

Search by adverse effect to see every natural medicine with the potential to cause that adverse effect. You can also browse by category (e.g., Men's Health).

Pregnancy & Lactation Checker

Select a natural medicine to get its pregnancy and lactation safety rating, then print the patient handout to provide to your patient.

Manufacturers

Choose from a browsable list of manufacturers to view the list of linked products in our databases, made by that manufacturer.

Charts

Choose from an alphabetical list of categories (e.g., amino acids, omega-3 fatty acids, etc) to see all monographs tagged for a given category.

Sports Medicine

Choose from an alphabetical list of natural medicines, all relevant to Sports Medicine.
